New Frisco ZIP Code – 75036
Effective July 1, 2018

Questions and Answers

Q. Why is the U. S. Postal Service changing my ZIP Code?

A. Usage in the current ZIP Code, 75034, has grown and the ZIP Code is running out of +4's. The +4's are the numbers after the 5-digit ZIP Code. For example, in 75034-6789 (6789 is the +4). Plus 4's are needed to help sort, ship, and deliver your mail more efficiently.

Q. Is my street address changing?

A. No, only the ZIP Code is changing. For example,

888 Main Street	*Changing to: 888 Main Street*
Frisco, TX 75034-9999	*Frisco, TX **75036-9999***

Q. What area will have a ZIP Code Change?

A. The area bordered by Cottonwood Branch and Main Street on the north, Teel Parkway on the east, Boyd Road/Lebanon Road/Lewisville Lake on the south and Lewisville Lake on the west.

The ZIP Code is being split at Teel Parkway.
The addresses in ZIP Code 75034 on the east side of Teel Parkway will remain in ZIP Code 75034.

The addresses currently in ZIP Code 75034 on the west side of Teel Parkway will change to the new ZIP Code 75036.

Q. How many addresses are changing?

A. Number of delivery addresses changing:

Residential	*Business*
9,604	*383*

Q. What do I need to do?

A. If you live in the area with the boundaries above, you will need to notify your correspondents of your new ZIP Code. The Post Office can provide a postcard for your use to notify your correspondents. Most business correspondents have a section in their mailing to indicate a change of address.
DO NOT SUBMIT A CHANGE OF ADDRESS REQUEST TO THE POSTAL SERVICE.

Q. Will my mail be delayed because of this change?

A. No, you should not experience any delays in mail delivery. The Postal Service mail processing equipment will be set up to recognize the addresses in the new ZIP Code. However, you will still need to notify your correspondents of the change.

Q. I live in the 75033 and 75035 ZIP Code areas, is my ZIP Code changing?

A. No changes are being made in the 75033 and 75035 ZIP Code areas at this time.
