

Network Node # : _____

Network Node - Node Support Pole Application Checklist (rev. 09-2019)

GENERAL INFORMATION

- 1) See **Section 78-400** of the Right of Way Ordinance for the design manual for the installation of network nodes and node support poles.
 - 2) Application will be reviewed for completion within thirty (30) days after submittal to the City.
 - 3) All required materials shall be submitted as a paper copy to the ROW Department and in digital format as a PDF, unless specifically instructed otherwise. All digital items shall be submitted via the City’s website following the instructions outlined at www.FriscoTexas.gov/NetworkNodePermit
 - 4) The annual right-of-way rental fees are due to the City when the ROW permit is issued at the pre-construction meeting, which is also when the network node location’s vested rights go into effect.
- * Check the box when the item is complete and provide the page(s) # that correlates to the item.

APPLICATION CHECKLIST

Item - Node Support Pole Application Checklist	Applicant
Is this exclusively in TxDOT Right-of-Way? If yes, then you will not submit a network node for this type to the City of Frisco? Owner’s Project # _____? (Each pole must have a unique project #)	* <input type="checkbox"/> – Pg # _____
Total number of Pole(s) _____? Total Number of Network Node(s) included with this application? _____ Do you have the required application fee form? For a list of current fees see www.FriscoTexas.gov/PWFeeSchedule (Application Fee estimate to be filled in by Applicant, and then confirmed by the City) **Limit of 30 nodes per application**	<input type="checkbox"/> – Pg # _____
Aerial Map and street view image showing location of each new pole location.	<input type="checkbox"/> – Pg # _____
Geographic Information System (GIS) data submitted to the City as outlined at www.FriscoTexas.gov/NetworkNodePermit . Attach confirmation email from Frisco GIS.	<input type="checkbox"/> – Pg # _____
Certification that new pole location meets 300 ft minimum spacing requirement, but if not, then Provider must provide evidence or other material supporting a claim that the minimum spacing requirement would prohibit the placement of new node support poles in the subject area.	<input type="checkbox"/> – Pg # _____
Scaled dimensional drawings or pictures of the proposed node support pole and any other proposed wireless facilities to be installed in connection with the proposal, indicating the spacing from existing curbs, driveways, sidewalks, and other existing poles. This shall include a before-and-after photo simulation image of the pole and all proposed attachments and associated standalone equipment.	<input type="checkbox"/> – Pg # _____
Based on the proposed scope of work, Provider shall submit a: Traffic Control Plan Storm Water Pollution Prevention Plan Trench Safety Plan	<input type="checkbox"/> – Pg # _____

Item - Node Support Pole Application Checklist Continued	Applicant
Scaled dimensional construction and engineering drawings that clearly show the existing public right-of-way line and easements. These drawings also need to show all proposed network node related equipment to be installed and their spacing from the City's existing utility facilities. Such drawings shall also show a sectional profile of the public right-of-way and identify all existing utilities and utility conflicts.	<input type="checkbox"/> - Pg # _____
Documentation identifying the frequency on which the proposed network node will operate and a certification that the proposed network node shall not cause any interference with the City's traffic signal system, public safety radio system, private police cell system, or other City communications infrastructure.	<input type="checkbox"/> - Pg # _____
The names and telephone numbers of at least two persons serving as emergency contacts for the Provider who can be reached by telephone 24 hours a day, seven days a week, in the event of an emergency.	<input type="checkbox"/> - Pg # _____
Provide documentation showing the required breakaway supports for proposed new node poles.	<input type="checkbox"/> - Pg # _____
Is this in a design district? If yes, you shall follow the specific design standards set for that district.	<input type="checkbox"/> - Pg # _____
If the location of the proposed network node(s) within right-of-way adjacent to a state highway, the Provider must provide an attached permit from the state government.	<input type="checkbox"/> - Pg # _____
Is this a resubmittal? If yes, then you acknowledge that the only changes made were based on the comments from the City of Frisco.	<input type="checkbox"/> - Pg # _____
