

Exide Technologies Community Blood Lead Testing Program Procedures for Blood Lead Testing

1. Residents of the City of Frisco interested in having their blood lead concentration tested at Exide Technologies' (Exide's) expense are referred to the Dr. Vicki B. Davis during her normal hours of operation. Contact information for Dr. Davis is as follows:

Dr. Vicki B. Davis
8680 East Main Street
Suite 1E
Frisco, TX 75034
Tel: 972-377-2447

Blood testing can be done by appointment or on a walk-in basis. Walk-ins may have to wait for staff availability.

2. Upon arrival at Dr. Davis's office, the resident will inform Dr. Davis that they would like to have their blood lead concentration tested at the expense of Exide.
3. Residents will be asked to confirm that the individual(s) being tested are residents of City of Frisco. Individuals that are not residents of the City of Frisco will not be tested.
4. Residents will be asked to complete and sign both the Release In Connection with Exide Technologies' Agreement to Pay for Lead Testing and Authorization to Disclose Your Protected Health Information. Dr. Davis will provide these forms.

Individuals who decline to sign either form will not be tested.

5. Dr. Davis will send blood samples to ACL Laboratories to perform a lead concentration analysis. Results obtained by ACL Laboratories will be returned to Dr. Davis. Dr. Davis will contact the resident(s) to provide and discuss the results and answer any questions they might have.
